Every Child Ready to Read Skill

Read

Has your little one ever flipped the page of a book before you were done reading it to them? This is totally normal! Reading to your little one at this age does not need to go perfectly – it’s all about making reading an enjoyable experience so that they will grow up loving to read. If you don’t have enough time to read all of the text before your child wants to turn the page, try discussing what you see in the pictures instead.
